## TOUCHSCREEN SIGNAGE

Perfect for everything from endless aisle and brand experiences to collaborative meetings, conferencing and whiteboarding, Elo touchscreen signage displays offer a sleek, slim design built to withstand the rigors of continuous commercial use. Easily turn the display into a powerful, 65-inch, all-in-one, life-size tablet by adding an Elo computer module. Available with either PCAP (with anti-glare or clear glass with anti-friction) or infrared (with anti-glare) touch technologies, the professional-grade, large-format display integrates easily into any environment.
