

MARVOLUS

GREETING CARD RACKS

Greeting cards are best kept at eye level, where customers can easily flip through them and see the options you have available. This 12-pocket countertop greeting card display is ideal for keeping your greeting cards readily at hand. The bottom of each pocket is slanted slightly to place the cards at the ideal viewing angle. This greeting card display is 29” high and has a 12” spinning diameter, which means that it will tuck easily into the appropriate countertop space, while the durable black powder finish keeps your display looking great. This display is intended for 5” wide by 7.75” high cards.
